

## Synopsis: One Yuletide Knight

(from the story “Twelfth Knight”) Before Sir Roger de Lacy leaves on Crusade, he wishes to see his ward, Isobel, married to Sir Guy of Gisborne and sets the date for the Winter Solstice, just twelve nights away.

Which means Isobel has eleven days to plan her escape from the cold, callous man. When she happens upon a wounded knight in the woods while gathering holly with her maids, she thinks her Yuletide prayer has been answered. She will persuade him to take her away.

However, Sir William, knight to Earl Robert Locksley, is on a mission to find out whether Prince John Lackland plans to usurp King Richard’s throne. And the man he is to spy on is none other than Isobel’s betrothed.
