

## Synopses: Portal of Dragons

### Prologue:

Three dragon-shifters who fought with the Pendragon and King Arthur have been given the honor and duty of protecting three powerful stones—a sapphire, emerald and ruby—which Merlin removed from the rim of the Holy Grail to keep its power from falling into the hands of the traitor, Mordred. Mordred's Slayers hunt the dragons and as the centuries pass, the dragons' strength lessen. Each must find his true mate to restore his own power and keep the stones safe.

### A Dragon's Tale

While on vacation in Wales, Margot Guthrie, a New York City reporter, accepts an invitation to a “haunted” castle Halloween party, only the host is never seen. Hearing strange sounds from a locked tower off-limits to guests, she is determined to find out what is up there. Only the Marquis of Tremayne has other ideas.

### The Dragon's Lair

Margot's assistant, Tania Bjornson, arrives in Scotland after she receives an urgent message from Margot to meet her there. But when she steps foot on a remote island off Skye, the beauty of the island feels oddly in conflict with a strange sense of foreboding, heightened only when the MacDonald chieftain claims to know nothing of Margo Guthrie.

### Home Of The Dragon

Emily Bjornson, Tania's twin, flies to southern England after a strange message from her sister about chasing dragons and searching for the Holy Grail. As a medieval literature major, she secures a job in a Glastonbury bookstore and books a room at Pendragon Hotel, a place where a baron was murdered after imprisoning his mad wife in the attic. When Emily starts seeing specters of knights and dragons, though, she wonders is she is losing her mind as well.

### Epilogue

Mordred, the Master Slayer, revels in collecting all three sacred stones. He goes quickly to Stone Henge. A storm cloud gathers over him. As he invokes the spell to bring the Grail with its remaining diamond to him, the Pendragon sweeps down, King Arthur riding on his back. This time, Arthur wins the battle over Mordred. Merlin takes the Grail through the Portal of Dragons, removing in from the human world for all time.

The dragons remain in human form with their brides and all is peaceful on the surface of the earth as the sun begins to rise through the standing stones on the summer solstice.
