

Synopsis: Camelot's Enchantment

From the world of Faerie, hurdled through Time, comes a powerful evil ready to destroy the world. Only one group of men can save humanity.

Outraged at losing her lover, Cernunnos, to Morgan le Fae, Queen Aoibhill tosses her through a time portal.

Cernunnos leaps after Morgan and finds her in the 21st century with no magic of powers.

Melehan, incubus son of Medraut, joins the queen. Together they leap, unleashing dark power.

On Avalon, the enchantment lifts...
