

Synopsis: Sword of Fire

Michael McCain is an immortal knight sent to find Excalibur, the second, sacred Celtic relic bestowed upon humans centuries ago for protection against the evil god, Balor, who seeks its power to destroy the world. Michael just happens to be a roguish warlock as well.

Sophie Cameron is a modern, logical-thinking veterinarian who doesn't believe in magic, let alone warlocks running around. But when a dragon lands on her lawn, breathing fire, she wonders if she's taken leave of her sanity.

Michael realizes the ancient pen-Dragon has signaled Sophie out because, somehow, she will play a part in finding the sword. All he has to do is convince her to trust him—and believe in magic.
