

## Synopsis: The Golden Platter

When reporter, Chloe Whitney's co-worker is found mangled on a wealthy Dallas estate, she swear she will avenge his murder, but an interfering investigator sent form Scotland yard attempts to thwart her plans. The key words is *attempts*. Chloe doesn't have a rep for tenacity for nothing. She'll simply seduce the raven-haired, dark-eyed hunk—not exactly a hardship on her part.

Little does she know that Gavin Myles is a fifteen-hundred year old vampire who might not stop at a little sip.
