

## Synopsis Danger in Paradise

Nearing her thirtieth birthday, Kristan Johnson needs a break from teaching rambunctious nine-year-olds. What better place to escape to than a warm paradise island in the crystal clear waters of the Caribbean?

When she meets a dark-haired stranger at the airport who exudes masculine sexuality *and* is charming as well, she knows this is going to be her dream vacation.

That dream soon changes into a nightmare when she inadvertently gets involved in a drug deal gone bad and she is the only living witness.

For now.
